Accessing the
Online Video Library / Learn360

Did you know that teachers, students, and parents across the province have access to Learn360?

Learn360 is an Online Video Library that has more than 9,000 educational videos, P-12 in a variety of subject areas, that can viewed online. Content includes: documentaries from the CBC, National Geographic, A&E, Sunburst, Learning Zone Express, Weston Woods and TV Ontario.

Teachers

Access Learn360 through the EduPortal (https://edapps.ednet.ns.ca/eduportal).
To login, click on "**Online Video Library**".

Teachers have access to a number of features, in addition to searching for videos, teachers can create their own playlists, and view and download videos for use in the classroom. Each video has its own link that can also be posted on classroom websites or Moodles, or emailed out to students.

Contact the Media Library for the login information to give to your students.

Students

Students access Learn360 from school or at home by going directly to the Learn360 homepage (www.learn360.ca) and using their schools username and password to login.

The Online Video Library / Learn360 is a valuable research tool students can use for conducting research and gathering information, great for student projects or assignments! Students can search for videos on a variety of topics, watch them online, take notes and cite them in their projects.

For more information

Learn360 is the video platform used to deliver online videos to Nova Scotia schools.
To find out your school's username and password, or for more information.
